ONLINE AG CAREERS EXPO

We are excited to announce the speakers for the 2020 Online Agricultural Careers Expo.

HOLMES SACKETT

Courtney Cheers

Consultant

Courtney grew up on a mixed enterprise farm in the Riverina.

Courtney has a bachelor's degree in Agricultural Science and first gained experience in consultancy when she completed her work placement component with Holmes Sackett in 2017. Courtney has solid practical experience in the wool industry having worked as a wool classer and shed hand as part of multiple shearing teams across southern NSW, VIC, SA and WA. Courtney's primary role with Holmes Sackett is managing the benchmarking process, assisting clients and providing support to our other consultants on a range of projects.

Sam Coggins

The Crawford Fund seeks to increase Australia's engagement in international agricultural research and development.

Sam Coggins has a degree in soil science from The University of Sydney and was awarded the University Medal and the prestigious University of Sydney Convocation Medal in 2018. While at uni, he founded the Uni of Sydney Food Wastage Society. Sam received The Horizon Scholarship and a New Colombo Plan Scholarship. He became passionate about working with smallholders following an internship at the International Rice Research Institute and a semester in Sri Lanka during his undergrad ag science degree. Sam's main interest is leveraging digital tools (apps) to support scaling of extension services in developing countries. Sam, with two friends, is further developing RiseHarvest, a smartphone app designed to help farmers in Myanmar use fertiliser more effectively. This social enterprise was selected from 800 teams from 160 countries in the international Thought for Food Challenge in 2018. Sam was then employed as a graduate at the Australian Centre for International Agricultural Research and is now involved with his continuing work with digital tools for developing country farmers and on a large Bill and Melinda Gates Foundation digital project. He's also doing an interdisciplinary PhD aiming to help to alleviate climate risks for farmers abroad and at home.

Zander Baulch

HR Business Partner

Established in 1824, the Australian Agricultural Company (AACo) is Australia's largest integrated cattle and beef producer and is the oldest continuously operating company in Australia.

Today, AACo owns and operates a strategic balance of properties, feedlots and farms comprising around 6.4 million hectares of land in Queensland and the Northern Territory. This equates to roughly 1% of Australia's landmass. AACo specialises in grain-fed beef and Wagyu beef production.

AACo offers a range of opportunities across our stations, feedlots, and farms, as well as within our corporate office including a graduate program that opens for applications each October.
