

Brush up your skills and improve your farm productivity by completing nationally accredited units **fully subsidised** by the NSW Government. Any successfully completed units may be credit transferred towards a full qualification in the future – so it’s a great way to kick start a qualification!

There is NO student contribution required. Training is offered online – no travel required.

Choose from the suggested units below or talk to us about a customised unit package

1.	<input type="checkbox"/> Soils (2 units) – AHCSOL401 Sample soils and interpret results, AHCSOL505 - Monitor and manage soils for production

Expression of Interest Form

We expect it will take 2-3 weeks for us to be notified if the application is approved. Please provide the following information which is required to submit your application.

Please indicate the topics that you would like to complete (maximum of three units):

Surname:

First Name:

Home Address:

Postal Address:

Home Phone:

Mobile Phone:

Email Address:

DOB:

What type of agriculture are you involved in?

Have you been affected by drought/fire/flood or COVID over the past 12 months?

Please advise how this training will benefit you? (e.g. improve farm profitability, make you more employable, build business resilience or drought recovery, enable you to study further etc.)

Please email your completed form to admin@ruralbiztraining.com.au

P: 02 6884 8812
