1. QUICK ANSWERS TO COMMON QUESTIONS

This section provides answers to the questions students ask most often about studying with RuralBiz Training. More detailed information about each topic can be found in later sections of this handbook.

WHAT'S MY EXPECTED COURSE LENGTH?

RuralBiz Training offers flexible commencement and study options so that you can balance learning with work, family and farm commitments.

However, we expect that you will complete your qualification within **2 years**, although this can vary from person to person. Your actual completion time will depend on:

- Your personal study pace and availability
- Any requirements linked to approved funding (if subsidised)
- Approved extensions or deferrals
- Outcomes from Recognition of Prior Learning (RPL) assessments or credit transfers (CT)

WHAT'S THE NORMAL ENROLMENT TIME FOR A UNIT?

The standard enrolment period for each unit is **8 weeks**.

Extensions can be granted for up to an additional 8 weeks, giving a maximum of 16 weeks (112 days) for one unit, unless restricted by funding rules.

WHAT'S A TRAINING PLAN?

Your Training Plan is your roadmap for the course. It includes:

- The list of units in your qualification
- Your scheduled start and end dates
- Assessment expectations
- Notes about any individual needs or support arrangements

You can access your Training Plan anytime in the Student Portal.

WHY IS THERE A GUARDIAN ANGEL CONTACTING ME?

Every student is allocated a *Guardian Angel* who will be your dedicated support contact throughout your entire course.

Your Guardian Angel will:

- Contact you at least **once a fortnight** to check on your progress
- Help you manage unit extensions and deferrals
- Notify trainers and office staff if anything is impacting your study
- Support you to stay on track and navigate your learning requirements
- Assist you with processes relating to LLND support or individual needs

Your Guardian Angel expects you to:

- Respond to their messages at least once every fortnight
- Keep an eye on your Training Plan and request extensions or assistance early
- Stay in communication if challenges arise - early notice is always best
- Update your contact details in the Student Portal as needed
- Stay engaged and give it your best - they'll work with you every step of the way!

WHAT IS A COURSE DEFERRAL?

We understand that unexpected events such as illness, family situations, seasonal pressures or work demand, may interrupt your study.

You may request a course deferral for up to 6 months, with a **maximum total deferral period of 12 months per enrolment**.

You can find more information about deferrals and extensions in the relevant section later in this handbook.

WHAT CAN I EXPECT OF MY TRAINERS?

Your trainers are highly experienced subject matter experts with strong qualifications, extensive industry backgrounds and current vocational practice. Many continue to operate successful farming, agronomy or agribusiness enterprises, which means the guidance you receive is informed by real, practical, contemporary industry experience - not just theory.

As a guide, you can expect your trainer will:

- Acknowledge your message when you begin a new unit
- Provide constructive feedback within **7 days** of your assessment submissions
- Respond to your support questions within **36 hours**

You can contact your trainer through the messaging link in RuralBiz Online on each unit page.

CAN I GET COPIES OF ASSESSMENT TASKS I'VE SUBMITTED?

We strongly recommend that you keep your own copies of all assessment tasks you submit.

RuralBiz Training retains assessment submissions for a minimum of 2 years. If you require a copy within this period, please contact admin@ruralbiztraining.com.au and we will provide it where possible.

After 2 years, assessment evidence may no longer be available due to mandatory assessment retention and archiving processes.

WHAT ABOUT RECOGNITION OF PRIOR LEARNING (RPL)?

Recognition of Prior Learning (RPL) is a formal process that assesses your existing skills and knowledge gained through work, training or life experience, to determine whether they meet the requirements of the units in your qualification.

Important points:

- RPL can reduce your study load by granting recognition for units that you already demonstrate competence in
- RPL can apply to a wider range of units than those delivered through scheduled training
- The cost of RPL is the same as a standard unit enrolment, unless required otherwise by a specific state-funding contract
- You will receive personalised support throughout the process to help you prepare and present evidence

If you'd like to find out whether RPL is right for you, please contact our office or refer to the RPL Handbook available in RuralBiz Online.

Staying in touch with your Guardian Angel and trainer is the best way to keep your study on track.

Most challenges can be solved quickly - we just need to know what they are!

2. ONLINE LEARNING PLATFORM – RURALBIZ ONLINE

RuralBiz Online is our Online Learning Platform and the central place where your study happens. You will access all your learning materials, assessments, trainer messages, a student support page, announcements and AgForum bookings through this platform.

When you enrol, you will receive an email with your login link, username and password. Keep these details safe. If you misplace them, our office can resend your login information at any time.

Once you login you will find:

- **Your Units:** Your current units will be listed under **'My Courses'**. Each unit page contains your learning resources, assessment tasks, support materials and a direct message link to your trainer and general support.
- **Unit Information and Expectations:** Inside each unit, you will see:
 - Learning content
 - Assessment instructions
 - Submission points
 - Your trainer's contact details
 - AgForum requirements and booking options
- **AgForums:** Each unit requires students to attend at least one AgForum as part of their learning and engagement activities. AgForums have limited places, and sessions often fill quickly. Students are strongly encouraged to book their AgForum session as soon as they commence each new unit to ensure availability and to maintain steady progress through their course.

3. ONLINE STUDENT PORTAL

The Student Portal is your secure online record of your enrolment, personal information and overall progress. You will receive access to the Student Portal at enrolment, using the **same username and password** as your Online Learning Platform (RuralBiz Online) login.

Inside the Student Portal, you can:

- **View and Update Your Personal Details:** Check that your address, phone number and email are correct. You can update your information at any time.
- **Track Your Course Progress:** You can view:
 - Your Training Plan
 - Unit start and end dates
 - Completed units
 - Extensions or deferrals that have been approved
 - Overall course status
- **Access Your Documents:** Such as invoices and payments
- **See a log of emails and SMS messages:** Such as ones that are sent to you from the office and your Guardian Angel.

Just remember:

- Our **Online Learning Platform** is where you *study*,
- Our **Student Portal** is where you *manage your enrolment*.

PAYMENT OPTIONS

➤ **VET Student Loans (Diploma and Advanced Diploma Only)**

VET Student Loans (VSL) are Australian Government loans that help eligible students cover all or part of their tuition fees for approved higher-level VET courses. VSL cannot be used for additional costs such as textbooks or accommodation.

This Commonwealth Government program allows students to access loans for courses that:

- Are nationally recognised
- Address skills shortages
- Meet industry priority needs
- Have a strong employment outcome

The program also features loan caps for course loans. This means if the course fees are above the loan cap, the student will need to pay the difference. No RuralBiz Training course fee exceeds the current loan cap.

If you choose to use a VET Student Loan:

- You incur a loan liability to the Commonwealth Government on the census date for each unit of study
- Census dates are published on our website
- You must regularly demonstrate course engagement every 4 months on the Department's eCAF/VSL portal
- You must provide evidence of citizenship and identity
- You must meet the Exit Level 3 LLN requirement as required under VSL legislation

More information is available in the VET Student Loans Information Booklet:

<https://www.dewr.gov.au/vet-student-loans/resources/vet-student-loans-information-booklet>

➤ **Payment Plans**

RuralBiz Training offers flexible payment plans for students who wish to pay in instalments. Payment plans are administered by Debitsuccess (1800 148 848).

Debitsuccess charges:

- A once-off establishment fee of and
- A small administration fee (varies depending on payment method)

Students retain full control over their payment schedule through Debitsuccess.

REFUNDS

➤ **Students accessing a VET Student Loan**

- **Before Census Date:** Students who withdraw **before** the census date for a unit:
 - Receive a full refund of any upfront fees paid for that unit, and
 - Incur no VSL debt for that unit
- **After Census Date:** Students who withdraw **after** the census date, no refund applies and a loan debt is incurred, unless:
 - You can demonstrate special circumstances, and
 - The CEO approves a refund or debt remission

Special circumstances are assessed in accordance with VSL legislation and RuralBiz Training policy.

➤ **Fee Paying Students**

If you have paid in advance for future units in which you have not yet commenced, you will receive a **proportionate refund**, minus the cost of any learning materials that cannot be returned unused.

➤ **Provider Cancellation**

If RuralBiz Training cancels or ceases to provide a course:

- You will receive a full refund for any units not yet delivered, calculated based on the number of units completed at the time of cessation
- You will receive a Statement of Attainment for the units you have completed
- We will assist you in transferring to another provider to complete the remainder of your qualification

REPLACEMENT OF CERTIFICATES, STATEMENTS OF ATTAINMENT AND STUDENT CARDS

If you require a replacement hard-copy certificate, Statement of Attainment, chemical card or any other credential document, a **replacement fee of \$25** will be charged to cover administration and re-issuance.

Electronic (PDF) re-issues are provided **free of charge**, unless a physical copy is requested.

Payment must be received before the replacement document can be issued.

REPLACEMENT OF TEXTS AND TRAINING MATERIALS

Students who need replacement copies of textbooks, workbooks or other issued training materials will be charged the current replacement cost of each item. This will vary depending on the item.

Where a student withdraws from a course, the cost of purchased or used training materials cannot be refunded.

4.4 COURSE CANCELLATIONS, WITHDRAWAL OR DEFERMENT

DEFERRING YOUR STUDIES

You may request a deferral of your course enrolment if temporary circumstances prevent you from continuing your studies. A deferral places your whole course enrolment “on hold” for a set period.

- You may defer for up to **6 months at a time**, with a **maximum total deferral period of 12 months per enrolment**
- All deferral requests must be made in advance and must be approved by RuralBiz Training
- If you are studying under a government-funded program, additional requirements may apply to maintain your eligibility
- We will help you set a new return date and explain any fee or funding implications

PROVIDER-INITIATED DEFERRAL

In limited circumstances, RuralBiz Training may need to initiate a deferral on your behalf. This may occur when circumstances beyond your control, or beyond our control, make it unsafe, unreasonable or impractical for you to continue temporarily.

Examples include:

- Serious illness or emergency
- Natural disasters or biosecurity events affecting access to training or assessment
- Significant operational disruptions or trainer unavailability
- Changes to training product or regulatory conditions
- Safety or wellbeing concerns

You will be notified in writing, provided with new timelines, and will **not be financially disadvantaged** by a provider-initiated deferral.

WITHDRAWING YOUR ENROLMENT

If you decide to withdraw from your course:

- You must advise RuralBiz Training in writing (e.g., email)
- Specific requirements may apply for government-subsidised students, based on funding contract rules
- You may be entitled to a refund depending on your fee type and timing of withdrawal

If you withdraw before completing your qualification, RuralBiz Training will issue a Statement of Attainment for any units you have successfully completed, once all outstanding fees have been paid.

PROVIDER-INITIATED WITHDRAWAL OF YOUR ENROLMENT

RuralBiz Training may initiate the withdrawal of your enrolment in limited circumstances where training can no longer continue safely, reasonably, or in accordance with policy or funding rules.

Your enrolment may be cancelled if:

- there is serious misconduct or a breach of the Code of Conduct
- academic integrity requirements are not met (e.g., plagiarism, cheating)
- you fail to meet course participation requirements
- required fees remain unpaid
- safety or wellbeing risks are identified
- funding contract or regulatory requirements require cancellation
- there is **repeated non-engagement** despite attempts to re-establish contact

NON-ENGAGEMENT WITHDRAWAL

If a student repeatedly fails to engage with their course - including not participating in learning activities, not submitting assessments within the required timeframes and not responding to their Guardian Angel, RuralBiz Training may initiate the withdrawal process.

Before any withdrawal occurs:

- multiple attempts will be made to contact you
- you will be given reasonable opportunity to re-engage
- you will be notified in writing of our intention to cancel your enrolment
- you will have at least **28 days** to respond or to lodge a complaint or appeal

If your enrolment is cancelled due to non-engagement, you will receive a Statement of Attainment for any completed units once all fees have been paid.

RuralBiz Training is committed to ensuring all decisions are made fairly, transparently and in line with our policies.

RESPECTFUL COMMUNICATION

RuralBiz Training promotes a respectful and professional learning environment.

We ask that all communication with trainers follows our Code of Conduct by being:

- courteous
- constructive
- clear and specific
- free from offensive or inappropriate language

Trainers will always respond with the same level of professionalism and respect.

INDUSTRY CURRENCY OF TRAINERS

To ensure high-quality training, all trainers and assessors:

- maintain ongoing professional development
- participate in industry engagement activities
- hold the required vocational competencies and training/assessment qualifications
- meet RuralBiz Training's internal currency and capability requirements

This means you are always learning from trainers who understand current agricultural practices, challenges and emerging trends.

5.5 ASSESSMENT REQUIREMENTS

Assessment is an essential part of your training and is designed to ensure you can demonstrate the skills and knowledge required for each unit of competency. RuralBiz Training uses a range of assessment methods that reflect real industry practice and support your practical understanding.

WHAT ASSESSMENTS INVOLVE

Depending on your qualification and unit, your assessment tasks may include:

- written questions
- case studies or scenarios
- practical or workplace-based tasks
- project work
- third-party reports (if applicable)
- AgForum participation (booking early is strongly recommended as places are limited)
- knowledge quizzes

Every unit includes clear assessment instructions outlining:

- what you need to do
- how to submit your work
- the criteria used to assess competence
- any required workplace evidence
- how many attempts you may make

Your trainer is available to answer questions and help you understand assessment expectations before you begin.

ASSESSMENT ATTEMPTS

For each assessment task, you are allowed up to **three attempts**:

1. Original submission,
2. First resubmission, after receiving trainer feedback
3. Second resubmission, if further improvement is required

If, after three attempts, the task does not meet competency requirements, you may receive a **Not Competent** result for the unit. In this case, you will need to **re-enrol** in the unit if you wish to continue, and standard unit fees will apply.

ASSESSMENT QUIZZES

Some units include online quizzes designed to confirm your understanding of key knowledge areas.

- You must achieve the minimum score listed in the quiz instructions.
- You may attempt each quiz up to **five times**, with at least **30 minutes between attempts** to allow time for further study.
- If you do not meet the required standard after five attempts, please contact our office to request a quiz reset.
 - Resets are applied **no sooner than five business days** after your last attempt.
 - You will receive **three additional attempts**.
- If the required standard is still not met, the quiz may be deemed unsatisfactory and may result in a **Not Competent** outcome for that unit.

COMPETENCY OUTCOMES

At the completion of your assessment, your trainer will record one of the following outcomes:

- **Competent (C)** – all requirements met
- **Not Yet Competent (NYC)** – requirements not yet met, resubmission allowed if attempts remain
- **Not Competent (NC)** – maximum attempts reached or requirements not achieved within the enrolment timeframe

Your trainer will always provide feedback to help you understand your result and improve your work.

FAIRNESS IN ASSESSMENT

All assessment at RuralBiz Training follows the four principles of assessment:

1. **Validity** – tasks reflect the requirements of the unit.
2. **Reliability** – different assessors would make the same judgement.
3. **Fairness** – no student is disadvantaged; reasonable adjustments may be applied.
4. **Flexibility** – assessments take into account your context, needs and experience.

Reasonable adjustment is available for students with LLND needs, disability or other circumstances, while ensuring the integrity of the unit is maintained.

5.6 PROGRESS MONITORING

Your progress throughout your course is important, and RuralBiz Training has systems in place to help you stay on track, manage your workload and complete your qualification within the expected timeframe.

YOUR GUARDIAN ANGEL

Your Guardian Angel is your primary point of support throughout the course.

They will:

- check in with you regularly (at least once a fortnight)
- monitor your unit deadlines and activity
- assist with extensions or deferrals
- communicate with your trainer if support needs arise
- help you plan your study around work, family or farm commitments

Your Guardian Angel is there to help you succeed, not to pressure you. Staying in regular contact ensures we can support you early if challenges arise.

YOUR RESPONSIBILITIES IN MONITORING PROGRESS

To help you stay on track, you are expected to:

- respond to your Guardian Angel's contact at least once every fortnight
- check your Training Plan and unit dates in the Student Portal regularly
- lodge your extension or deferral request via the Student Support page at the earliest opportunity
- maintain steady progress on your assessments
- attend your booked AgForums
- communicate early if personal, work or farm circumstances change

Open communication helps avoid unnecessary delays and ensures we can offer timely support.

UNIT TIMEFRAMES

Most units have an **8-week** standard enrolment period.

- You may have up to **two units open at a time** (unless otherwise approved).
- Minimum engagement in a unit is **4 weeks**, reflecting the time needed for genuine study and application.
- Extensions or deferrals may adjust your timeframes.
- If non-engagement continues over an extended period, your enrolment may be reviewed under RuralBiz Training’s withdrawal process. You will always be contacted and given the opportunity to re-engage before any action is taken.

If you reach the end of your unit timeframe (including approved extensions) and have not submitted assessment tasks, you may receive a **Not Competent** result and the unit will close.

WE ARE HERE TO HELP

Progress challenges are common - busy work seasons, family demands, farm issues, illness or other disruptions. The most important thing you can do is **communicate early**.

Nearly every barrier can be managed with planning, adjustments or support.

You’re never expected to handle challenges alone!

5.7 EXTENSIONS

RuralBiz Training understands that unexpected circumstances can affect your ability to complete assessments on time. Extensions are available to help you stay on track while maintaining the integrity and timeframes of your qualification.

REQUESTING AN EXTENSION

If you need more time to complete your assessment tasks, you can request an extension through the **Student Support** page in RuralBiz Online.

To ensure we can support you effectively, please submit your request:

- **as early as possible**, ideally before your due date
- with a brief explanation of your circumstances
- noting any supporting information if requested by staff

Our student support team will review your request and confirm the outcome.

EXTENSION TIMEFRAMES

Most units have a standard **8-week enrolment period**.

Extensions of up to **8 additional weeks (totalling 16 weeks)** may be granted, unless:

- funding contract requirements prevent the extension
- training package rules restrict timeframes
- you have already received the maximum allowable time

- there are repeated requests without reasonable progress

If an extension cannot be approved, you will be advised promptly and supported to explore other options if needed.

USING EXTENSIONS WISELY

Extensions are intended to support genuine difficulties such as:

- workload peaks
- seasonal demands on the farm
- illness or personal circumstances
- unexpected family or work commitments

They are **not** intended to replace regular study or long-term non-engagement.

5.8 RECOGNITION OF PRIOR LEARNING & CREDIT TRANSFER

RuralBiz Training recognises that students often come with valuable industry experience, prior study or workplace skills. You may be able to reduce the number of units you need to complete through Recognition of Prior Learning (RPL) or Credit Transfer (CT).

Both processes ensure your previous learning is formally acknowledged, while maintaining the integrity and requirements of the qualification.

RECOGNITION OF PRIOR LEARNING (RPL)

Recognised prior learning is an assessment-only pathway that allows you to demonstrate your existing skills and knowledge gained through:

- work experience
- informal or non-accredited training
- volunteer work
- life experience in the agricultural sector

If successful, RPL can give you credit for one or more units in your qualification.

Key points about RPL:

- RPL may reduce the number of units you need to complete.
- The range of units available for RPL is often broader than those available for training.
- RPL follows the same unit requirements as standard assessment however you must provide evidence that you meet all elements and performance criteria.
- Fees for RPL are the same as standard unit enrolments, unless a funding program specifies otherwise.
- An RPL assessor will be available to guide you through the evidence-gathering process.

If you're interested in RPL, please contact our office or access the **RPL Handbook** through RuralBiz Online.

CREDIT TRANSFER (CT)

Credit Transfer applies when you have previously completed the same or an equivalent unit at another Registered Training Organisation.

To receive a CT, you must provide either:

- grant RuralBiz Training access to your USI Transcript or,
- provide a certified copy of your Statement of Attainment, Transcript, or Qualification.

Credit Transfer is **not an assessment process**. If you have completed the unit previously, it will be recognised automatically.

Important Notes:

- You must complete a minimum of **two units** (by training or RPL) with RuralBiz Training per enrolment. You cannot complete an entire qualification by credit transfer.
- Credit Transfer does not attract additional fees.
- Units granted by CT will appear on your Training Plan and final qualification.

5.9 ACADEMIC INTEGRITY (INCLUDING AI USE & REFERENCING)

RuralBiz Training is committed to maintaining high standards of academic integrity. All assessments must reflect your own skills, knowledge and understanding. This ensures your qualification is valid, industry-ready and genuinely represents your capabilities.

Academic integrity means being honest about your learning and the work you submit.

YOUR RESPONSIBILITIES

When completing assessments, you must:

- submit your **own original work**
- acknowledge any sources you refer to
- follow assessment instructions carefully
- use workplace evidence truthfully and accurately
- ask your trainer if you are unsure about what is allowed

Any form of plagiarism, cheating, falsification of evidence or submission of work not completed by you is considered a breach of academic integrity.

APPROPRIATE USE OF AI (ARTIFICIAL INTELLIGENCE)

Tools such as ChatGPT, Copilot or other AI platforms can be helpful for learning, but they must be used appropriately.

Allowed (Learning Support Only)

You may use AI to:

- understand concepts and definitions
- brainstorm ideas
- explore background information

- clarify technical terms
- check grammar or readability
- analyse general trends (you must interpret them yourself)

These uses help you learn — but **your assessment answers must always be written in your own words.**

Not Allowed (Academic Misconduct)

AI must *not* be used to:

- generate or write your assessment responses
- rewrite or paraphrase your entire answer
- produce case studies, examples, or workplace evidence
- create fabricated logs, reports or supervisor comments
- replace the practical or analytical skills required by your unit
- complete templates or assessment documents for you

If any part of your submission is generated substantially by AI, it will be treated as plagiarism or cheating.

DECLARING AI USE (WHEN PERMITTED)

If a specific assessment allows limited AI use, you must declare:

- which tool you used, and
- how you used it

This can be recorded in your assessment workbook or as an appendix.

If the assessment instructions do **not** mention AI, then AI use is **not permitted**.

HOW ACADEMIC MISCONDUCT IS IDENTIFIED

Trainers may investigate suspected misconduct when:

- writing style differs significantly from your usual work
- the answer is generic, overly polished or lacks personal/farm context
- technical details appear without explanation or relevance
- the submission does not align with your level of demonstrated understanding
- AI language patterns are detected

You may be asked to verbally explain or clarify parts of your submission.

REFERENCING AND USING SOURCES

When you use information from other sources, you must:

- acknowledge the source (even if paraphrased)
- avoid copying large sections of text
- include citations where practical (simple referencing is fine)

This shows integrity and demonstrates genuine understanding of your topic.

CONSEQUENCES IF ACADEMIC MISCONDUCT

If academic misconduct is confirmed, outcomes may include:

- resubmission requirements
- a “Not Competent” result for the assessment or unit
- cancellation of enrolment

You will always have access to the complaints and appeals process.

These resources are protected under the Australian Copyright Act 1968 and may only be used within the limits of our statutory Education Licence, which allows us to share certain copyrighted content with students for study purposes.
